

Parent Payment Arrangements 2024

Dear parent/guardian,

Waubra Primary School is looking forward to another great year of teaching and learning and would like to advise you of our voluntary curriculum contributions for 2024.

Schools provide students with free instruction to fulfil the standard Victorian Curriculum and we want to assure you that all contributions are voluntary.

Nevertheless, the ongoing support of our families ensures that our school can offer the best possible education and support for our students. We want to thank you for all your support, whether that is through fundraising or volunteering your time. This has made a huge difference to our school and the programs we can offer.

Within our school this support has allowed us to provide all our students the same opportunities both in and out of the classroom. We offer a sustainable device program from Foundation to Grade 6, to enable students to enhance their digital learning opportunities. This support also helps the school in maintaining the gardens and school grounds, without the need for parent working bees several times a year.

There have been several changes made to our Parent Payment Arrangements following advice from the Department of Education and Training. Waubra Primary School will continue to supply students with classroom consumables needed for students to learn as per previous years. A need may arise during the year to request further voluntary curriculum contributions towards other programs offered.

If you wish to contribute to your child's curriculum costs, details are on the following page.

For further information on the Department's Parent Payments Policy please see a one-page overview attached.

Yours sincerely,

Kane Tolliday
Principal

Catherine Koros
School Council President
